

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ryan LaFleur  
DOCKET NO.: 06-26750.001-R-1  
PARCEL NO.: 13-14-105-030-1002

The parties of record before the Property Tax Appeal Board are Ryan LaFleur, the appellant(s), by attorney Arnold G. Siegel of Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 1,934  
**IMPR.:** \$17,496  
**TOTAL:** \$19,430

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 1,300 square foot garage style building purchased by the appellant in November 2004 for \$25,000. The building is located in Chicago, Jefferson Township, Cook County.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. In support of this overvaluation argument the appellant submitted a closing statement dated October 10, 2003 indicating the subject was purchased by the appellant for \$192,000. The appellant submitted the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$29,607, which reflects a market value of approximately \$292,559 using the 2006 Cook County three-year median level of assessments for Class 2 property of 10.12%. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The appellant in this appeal submitted a closing statement for the subject property depicting a purchase price of \$192,000 in October 2003. The appellant's petition further depicts the subject was advertised for sale through a realtor. Nothing in the record indicates the subject's sale was not an arm's length sales transaction. The subject's assessment reflects a market value greater than the purchase price as shown on the closing statement presented by the appellant.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board.

Based on this record the Property Tax Appeal Board finds the subject property had a market value of \$192,000 as of January 1, 2006. Since market value has been determined 2006 Cook County three-year median level of assessments for Class 2 property of 10.12% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
