

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Lois Heald
DOCKET NO.: 06-27305.001-R-1
PARCEL NO.: 05-21-201-036-0000

The parties of record before the Property Tax Appeal Board are Lois Heald, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 34-year old, two-story style dwelling of masonry construction containing 3,638 square feet of living area with a full, unfinished basement, central air conditioning, two fireplaces, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story masonry dwellings that are each one year old. The comparable dwellings range in size from 3,124 to 3,350 square feet of living area and have improvement assessments ranging from \$9.61 to \$15.51 per square foot of living area. The subject's improvement assessment is \$24.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of two-story masonry dwellings that range in age from four to twenty-five years old. The dwellings range in size from 2,705 to 3,389 square feet of living area and have improvement assessments ranging from \$30.48 to \$31.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is not warranted.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	33,452
IMPR.:	\$	90,028
TOTAL:	\$	123,480

Subject only to the State multiplier as applicable.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The appellant's comparables and the board of review's comparables numbered one and three were all substantially newer than the subject property, and, as a result, they received reduced weight in the Board's analysis. The Board finds that the comparable numbered two by the board of review was the only comparable similar to the subject in age, and it was also very similar in size, design, and exterior construction. Due to its similarities to the subject, this comparable received the most weight in the Board's analysis. This comparable had an improvement assessment of \$30.48 per square foot of living area. The subject's improvement assessment of \$24.75 per square foot of living area is less than this assessment. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
