

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Taha Abousalem
DOCKET NO.: 06-27494.001-R-1
PARCEL NO.: 24-15-313-019-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Taha Abousalem, the appellant, by attorney Lisa A. Marino of Lisa A. Marino and Associates of Chicago and the Cook County Board of Review (board).

The subject property consists of a 36-year-old, three-story, six-unit apartment building of masonry construction containing 5,880 square feet of building area and located in Worth Township, Cook County. The apartment property includes six bathrooms, a no basement and a one-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located between one block and two miles of the subject. These properties consist of three-story apartment buildings of masonry construction and range in age from 35 to 41 years. The comparables include six bathrooms and no basements. The number of apartment units was not disclosed. The comparables contain between 5,672 and 6,720 square feet of building area and have improvement assessments ranging from \$31,174 to \$43,702 or from \$5.50 to \$6.50 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$41,367, or \$7.04 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within a quarter mile of the subject. The comparables consist of three-story, six-unit buildings of masonry construction. The comparables are 36 years old and have no basements. They have six bathrooms and no garages. The comparable properties contain 5,880 square feet of building area with improvement assessments ranging from \$41,344 to \$41,367 or from \$7.03 to \$7.04 per square foot of building area. Based on this evidence, the board of

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,745
IMPR.: \$41,367
TOTAL: \$47,112

Subject only to the State multiplier as applicable.

PTAB/TMcG.

review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's four comparables are very similar to the subject. These properties have improvement assessments ranging from \$7.03 to \$7.04 per square foot of living area. The subject's per square foot improvement assessment of \$7.04 is within this range of properties. The PTAB gives less weight to the appellant's comparables because they are less similar to the subject in building area and/or location. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
