

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Ian Schwartz  
DOCKET NO.: 06-27934.001-R-1  
PARCEL NO.: 14-32-221-026-0000  
TOWNSHIP: North Chicago

The parties of record before the Property Tax Appeal Board are Ian Schwartz, the appellant, by attorney Brian Maher of the law firm of Weis, DuBrock & Doody, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 115-year old, multi-family, residential dwelling of frame and masonry construction containing 3,973 square feet of living area with a partial unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as multi-family residential masonry dwellings that range in age from 118 to 125 years old for consideration. The comparables range in size from 3,234 to 3,933 square feet of living area and have improvement assessments ranging from \$17.14 to \$18.77 per square foot of living area. The subject's improvement assessment is \$27.46 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information for two comparable properties. The properties are multi-family residential dwellings ranging in age from 112 to 124 years and their assessment per square foot of living area is either \$28.13 or \$44.88 based upon a square footage of living area of 3,907 or 4,299. The board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 15,904  
IMPR.: \$ 71,130  
TOTAL: \$ 87,034

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the comparables submitted by the appellant were the most similar to the subject. These comparables had improvement assessments that ranged from \$17.14 to \$18.77 per square foot of living area. The subject's improvement assessment of \$27.46 per square foot of living area is above this range. The board's comparables are not as similar in number of stories. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
