

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted Souder
DOCKET NO.: 06-27972.001-R-1
PARCEL NO.: 14-19-330-049-0000

The parties of record before the Property Tax Appeal Board are Ted Souder, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 11,846
IMPR.: \$ 43,883
TOTAL: \$ 55,729**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one and one-half story dwelling of frame construction containing 1,865 square feet of living area. The dwelling is 120 years old. Features of the home include a full, unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one and one-half story frame dwellings that range in age from 106 to 116 years old. The comparable dwellings range in size from 1,845 to 2,151 square feet of living area. Features include full or partial, unfinished basements, two with central air conditioning and each with either a one and one-half car garage or a two-car garage. The comparables have improvement assessments of either \$23.20 or \$23.53 per square foot of living area. The subject's improvement assessment is \$38.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review did not provide evidence with respect to the

characteristics or assessments of any comparable properties. The board of review's evidence indicated the subject sold in March 2005 for \$902,100. The board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant's comparables were similar to the subject in design, exterior construction, age, size and foundation. There was no equity evidence submitted by the board of review to refute the appellant's equity argument. The appellant's comparables had improvement assessments of either \$23.20 or \$23.53 per square foot of living area. The subject's improvement assessment of \$38.34 per square foot of living area is above the assessments established by the most similar comparables. After considering adjustments and the differences in the appellant's comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
