

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: So Yin Ng
DOCKET NO.: 06-28121.001-R-1
PARCEL NO.: 17-33-321-052-0000

The parties of record before the Property Tax Appeal Board are So Yin Ng, the appellant, by attorney James Gorman, of James E. Gorman and Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,118
IMPR.: \$ 35,858
TOTAL: \$ 40,976

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 2,976 square foot parcel of land improved with a four-year old, two-story, masonry, single-family dwelling. The improvement contains 1,976 square feet of living area as well as three full and one half-baths, a full basement, and a two-car garage.

The appellant's attorney argued that there was unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for three suggested comparables located within a three block radius from the subject. The properties were improved with a two-story, masonry, single-family dwelling with two full baths. They range: in age from eight to 13 years; in size from 1,900 to 1,940 square feet of living area; and in improvement assessments from \$15.11 to \$17.06 per square foot. The properties each contain a full basement, while properties #1 and #2 also include a two-car garage. The subject's improvement assessment is \$18.15 per square foot of living area. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$40,976. The board of review submitted descriptive and assessment data relating to four suggested comparables located on the same block, as is the subject property. The properties are improved with a four-year old, two-story, masonry, single-family dwelling. They each contain three full and one half-baths; 1,976 square feet of living area; and an improvement assessment \$18.15 per square foot. Amenities include a full basement and a two-car garage, therein. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has not met this burden.

The Board finds that comparables by the board of review are most similar to the subject in location, style, exterior construction, improvement size and age. In analysis, the Board accorded most weight to these comparables. These comparables contain improvement assessments at \$18.15 per square foot of living area. The subject's improvement assessment at \$18.15 per square foot is the same as established by these comparables.

The Board accorded diminished weight to the remaining properties due to a disparity in improvement size and age.

As a result of this analysis, the Board finds that the appellant has not adequately demonstrated that the subject was inequitably assessed by clear and convincing evidence and that a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
