

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Vaez
DOCKET NO.: 06-28170.001-R-1
PARCEL NO.: 14-20-410-026-0000

The parties of record before the Property Tax Appeal Board are Kevin Vaez, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 20,016
IMPR.: \$ 66,677
TOTAL: \$ 86,693

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a three-story multi-family dwelling of masonry construction containing 3,993 square feet of living area. The dwelling is 113 years old. Features of the home include a full, unfinished basement and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two or three-story frame, masonry or frame and masonry dwellings that are between 103 and 122 years old. The comparable dwellings range in size from 3,150 to 3,729 square feet of living area. Two of the comparables have a full basement, one of which is finished, and the other two have either a crawl-space or concrete slab foundation. One has three fireplaces and three have a garage. The comparables have improvement assessments ranging from \$11.40 to \$12.89 per square foot of living area. The subject's improvement assessment is \$16.70 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of three-story masonry dwellings that are between 103 and 113 years old. The dwellings range in size from 3,783 to 3,921 square feet of living area. The comparables have a full, unfinished basement and a two-car garage. These properties have improvement assessments ranging from \$16.88 to \$18.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables one, three and four were considerably smaller than the subject; comparables two through four differed from the subject in exterior construction; comparables one and three differed from the subject in design and comparables two and four differed from the subject in foundation. Thus, these comparables received reduced weight in the Board's analysis. The board of review's comparables were similar to the subject in exterior construction, design, size and foundation. They were also similar to the subject in age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$16.88 to \$18.80 per square foot of living area. The subject's improvement assessment of \$16.70 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
