

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mary C. Allen
DOCKET NO.: 06-28517.001-R-1
PARCEL NO.: 05-21-118-004-0000

The parties of record before the Property Tax Appeal Board are Mary C. Allen, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 110-year old, two-story style dwelling of frame construction containing 4,172 square feet of living area with a full, unfinished basement, two fireplaces, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame, masonry, or stucco dwellings that range in age from 86 to 116 years old. The comparable dwellings range in size from 2,464 to 3,697 square feet of living area and have improvement assessments ranging from \$10.12 to \$15.27 per square foot of living area. The subject's improvement assessment is \$19.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that range in age from 89 to 114 years old. The dwellings range in size from 3,954 to 4,435 square feet of living area and have improvement assessments ranging from \$19.89 to \$29.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	52,732
IMPR.:	\$	81,751
TOTAL:	\$	134,483

Subject only to the State multiplier as applicable.

PTAB/BRW/July 09/06-28517

finds that a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that the comparables submitted by the board of review were the most similar to the subject in size, and they were also very similar in age, design, and exterior construction. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$19.89 to \$29.53 per square foot of living area. The subject's improvement assessment of \$19.60 per square foot of living area falls below this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
