

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Claremont Holdings
DOCKET NO.: 06-29132.001-R-1
PARCEL NO.: 14-31-109-006-0000

The parties of record before the Property Tax Appeal Board are Claremont Holdings, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 12,840
IMPR.: \$ 43,053
TOTAL: \$ 55,893**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame construction containing 2,102 square feet of living area. The dwelling is 108 years old. Features of the home include a concrete slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. In support of this argument, the appellant submitted information on four comparable properties that had the same classification code as the subject property. The dwellings were of frame or masonry construction and ranged in age from 96 to 116 years old. The comparable dwellings range in size from 3,150 to 3,384 square feet of living area. The comparables have full basements, two of which are finished, and two have a garage. The comparables have improvement assessments ranging from \$15.43 to \$15.89 per square foot of living area. The subject's improvement assessment is \$20.48 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame dwellings that are between 108 and 116 years old. The dwellings range in size from 1,840 to 2,102 square feet of living area. Three comparables have full, unfinished basements and one has a concrete slab foundation; two have a two-car garage. These properties have improvement assessments ranging from \$20.48 to \$23.69 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review's comparables were most similar to the subject in size. They were also similar to the subject in design, exterior construction and age. However, three comparables differed in foundation from the subject. Nevertheless, these comparables received the most weight in the Board's analysis. The comparables had improvement assessments ranging from \$20.48 to \$23.69 per square foot of living area. The subject's improvement assessment of \$20.48 per square foot of living area is within the range established by the most similar comparables. The comparable assessed at the low end of the range had a slab foundation like the subject and was identical in size and age to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
