

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Giddings
DOCKET NO.: 06-29760.001-R-1
PARCEL NO.: 14-31-214-001-0000

The parties of record before the Property Tax Appeal Board are Larry Giddings, the appellant, by attorney Adam E. Bossov, of Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,570
IMPR.: \$39,727
TOTAL: \$48,297

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 2,976 square foot parcel of land improved with a two-story dwelling of frame construction containing 1,391 square feet of living area. The dwelling is 13 years old. Features of the home include a full finished basement and central air conditioning.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on 12 comparable properties described as multi-story frame or masonry and frame and masonry dwellings that range in age from 14 to 48 years old. The comparable dwellings range in size from 1,253 to 1,9642 square feet of living area. Features include a full unfinished or finished basement, air conditioning for 9 properties, two of the properties have a fireplace or three fireplaces and 11 properties had a two-car garage. The comparables have improvement assessments ranging from \$22.27 to \$29.63 per square foot of living area. The subject's improvement assessment is \$33.38 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$55,000 was

disclosed. The subject's improvement assessment is \$46,430 or \$33.38 per foot of living area. The board of review presented descriptions and assessment information on two comparable properties consisting of two-story frame dwellings that are 10 or 17 years old. The dwellings size are 1,494 or 1,662 square feet of living area. Features include air conditioning, a fireplace, unfinished or furnished basements and a one and half-car or two-car garage. These properties have improvement assessment of \$31.77 and \$32.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds comparables #4, #9 and #10 submitted by the appellant and comparable #1 submitted by the board of review were most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$27.93 to \$32.72 per square foot of living area. The subject's improvement assessment of \$33.38 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
