

**AMENDED  
FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gilbert Bromberek  
DOCKET NO.: 06-29850.001-R-1  
PARCEL NO.: 22-20-441-001-0000

The parties of record before the Property Tax Appeal Board are Gilbert Bromberek, the appellant(s), by attorney Rusty A. Payton, of Law Offices of Rusty A. Payton, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 4,616  
IMPR.:    \$ 16,956  
TOTAL:    \$ 21,572**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of an 80-year old, one-story style dwelling of masonry construction containing 1,154 square feet of living area with a full, unfinished basement and a two car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story masonry dwellings that are from 70 and 94 years old for consideration. The comparables contain from 1,221 to 1,376 square feet of living

area and have improvement assessments ranging from \$10.47 to \$13.24 per square foot of living area. The subject's improvement assessment is \$15.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of one-story masonry dwellings that range in age from 70 to 94 years old. The dwellings range in size from 1,221 to 1,376 square feet of living area and have improvement assessments ranging from \$10.47 to \$13.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that all of the comparables submitted by the parties were similar to the subject in design, exterior construction, location and/or age. These comparables had improvement assessments that ranged from \$10.47 to \$16.25 per square foot of living area. The subject's improvement assessment of \$14.69 per square foot of living area is within the range established by the similar properties contained in the record. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.
