

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernard Barasch  
DOCKET NO.: 06-30100.001-R-1  
PARCEL NO.: 13-23-409-022-0000

The parties of record before the Property Tax Appeal Board are Bernard Barasch, the appellant(s), by attorney Michael E. Crane, of Crane & Norcross in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,181  
**IMPR.:** \$25,922  
**TOTAL:** \$33,103

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 3,150 square foot parcel of land improved with a 114-year old, two-story, frame, multi-family dwelling containing 1,200 square feet of living area, two baths, and a one-car garage. The appellant argued, via counsel, unequal treatment in the assessment process as the basis of the appeal.

In support of the equity argument, the appellant, via counsel, submitted information on a total of six properties suggested as comparable. The properties are described as two-story, frame, masonry or frame and masonry, multi-family dwellings. The properties range: in age from 76 to 103 years; in size from 2,410 to 6,552 square feet of living area; and have improvement assessments from \$8.15 to \$10.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$25,922 or \$21.60 per square foot of living area was disclosed. In

support of the subject's assessment, the board of review submitted descriptions and assessment information on four properties suggested as comparable and located within seven blocks of the subject. The properties are described as two-story, frame, multi-family dwellings. The properties range: in age from 103 to 108 years; in size from 1,120 to 1,240 square feet of living area; and in improvement assessments from \$22.29 to \$22.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of 10 properties suggested as comparable. The PTAB finds the board of review's comparables most similar to the subject in size, design, construction, age and location. The properties range: in age from 103 to 108 years; in size from 1,120 to 1,240 square feet of living area; and in improvement assessments from \$22.29 to \$22.45 per square foot of living area. In comparison, the subject's improvement assessment of \$21.60 per square foot of living area is below the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
