

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike Dragovich  
DOCKET NO.: 06-30135.001-R-1  
PARCEL NO.: 14-31-213-004-0000

The parties of record before the Property Tax Appeal Board are Mike Dragovich, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 8,640  
IMPR.:    \$ 23,900  
TOTAL:    \$ 32,540**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story mixed use commercial and multi-family dwelling of masonry construction containing 2,116 square feet of living area. The dwelling is 108 years old. Features of the home include a partial, unfinished basement and a one and one-half car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story masonry mixed use commercial and multi-family dwellings that are between 97 and 134 years old. The comparable dwellings range in size from 3,404 to 6,349 square feet of building area. The comparables have a partial, unfinished basement and one has a three-car garage. The comparables have improvement assessments ranging from \$7.53 to \$9.68 per square foot of building area. The subject's improvement assessment is \$11.29 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story

masonry mixed use part commercial and part multi-family dwellings that are 108 or 113 years old. The dwellings range in size from 2,208 to 2,604 square feet of building area. Three of the comparables have a partial or full, unfinished basement, one has central air conditioning and two have a two-car garage. These properties have improvement assessments ranging from \$11.64 to \$16.01 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables were significantly larger than the subject. The board of review's comparable two differed from the subject in foundation. As a result, these comparables received reduced weight in the Board's analysis. The board of review's comparables one, three and four were similar to the subject in size and foundation. They were also similar to the subject in other features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$11.90 to \$16.01 per square foot. The subject's improvement assessment of \$11.29 per square foot of building area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
