

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Raymond Placek
DOCKET NO.: 06-30186.001-R-1
PARCEL NO.: 13-07-325-028-0000

The parties of record before the Property Tax Appeal Board are Raymond Placek, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 49-year old, one-story style dwelling of masonry construction containing 1,044 square feet of living area with a full, finished basement, central air conditioning, and a two-car detached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one or one and one-half story frame dwellings that range in age from 31 to 83 years old. The comparable dwellings range in size from 1,250 to 1,296 square feet of living area and have improvement assessments ranging from \$17.84 to \$19.44 per square foot of living area. The subject's improvement assessment is \$26.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story frame dwellings that range in age from 49 to 54 years old. The dwellings range in size from 1,070 to 1,265 square feet of living area and have improvement assessments ranging from \$23.84 to \$25.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is warranted.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	7,304
IMPR.:	\$	26,622
TOTAL:	\$	33,926

Subject only to the State multiplier as applicable.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

Both parties presented assessment data on a total of seven equity comparables. The Board finds that all of the comparables submitted by both parties differed substantially from the subject in exterior construction. In addition, the appellant's comparables differed in age from the subject, and comparables one and two also differed in design from the subject. Although the board of review's comparables differed in exterior construction, they were very similar to the subject in age, size, and design. The Board notes that the comparables submitted by the board of review had improvement assessments that ranged from \$23.84 to \$25.88 per square foot of living area. The subject's improvement assessment of \$26.89 per square foot of living area falls above this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
