

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mathew George  
DOCKET NO.: 06-30461.001-R-1  
PARCEL NO.: 07-22-206-029-0000

The parties of record before the Property Tax Appeal Board are Mathew George, the appellant, by attorney Julie Realmuto of McCarthy & Duffy, Chicago, Illinois; and the Cook County Board of Review.

The subject property is improved with a 13-year old, two-story style dwelling of frame construction containing 2,187 square feet of living area with a full, unfinished basement, central air conditioning, a fireplace, and a two-car attached garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame dwellings that are either 11 or 15 years old. On the appellant's map, the comparables are located approximately two to two and one-half miles from the subject property. The comparable dwellings range in size from 2,593 to 2,726 square feet of living area and have improvement assessments ranging from \$11.31 to \$12.52 per square foot of living area. The subject's improvement assessment is \$15.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review presented descriptions and assessment information on one comparable property. Based on its parcel index number, the comparable is located in the same tax block as the subject property. The comparable is a 13-year old, two-story style dwelling of frame construction containing 2,268 square feet of living area with a full, unfinished basement, central air conditioning, and a three-car attached garage. The comparable has an improvement assessment of \$15.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	8,531
IMPR.:	\$	33,767
TOTAL:	\$	42,298

parties and the subject matter of this appeal. The Board further finds that a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds that the one comparable submitted by the board of review was the most similar to the subject in size and location, and it was also very similar in age, design, and exterior construction. Due to its similarities to the subject, this comparable received the most weight in the Board's analysis. This comparable had an improvement assessment of \$15.44 per square foot of living area. The subject's improvement assessment of \$15.53 per square foot of living area falls above this amount. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
