

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Davis
DOCKET NO.: 06-30663.001-R-1
PARCEL NO.: 17-34-224-044-0000

The parties of record before the Property Tax Appeal Board are Keith Davis, the appellant, by attorney Julie Realmuto of McCarthy Duffy in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,196
IMPR.: \$ 42,261
TOTAL: \$ 51,457

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a three-story townhouse of masonry construction containing 2,340 square feet of living area. The dwelling is nine years old, and it has a slab foundation, central air conditioning, a fireplace, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as three-story masonry townhouses that are either 33 or 34 years old. On the appellant's map, the comparables are located approximately 0.7 mile from the subject property. Each of the townhouses contains 2,466 square feet of living area, and they have improvement assessments ranging from \$9.46 to \$9.49 per square foot of living area. The subject's improvement assessment is \$18.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties that are located on the same block as the subject property. Each comparable is a nine-year old, three-story masonry townhouse containing 2,340 square

feet of living area. The townhouses have improvement assessments ranging from \$18.06 to \$18.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties presented assessment data on a total of eight equity comparables. The comparables submitted by the board of review are identical to the subject in location, age, size, style, and exterior construction. Consequently, the comparables submitted by the board of review received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$18.06 to \$18.41 per square foot of living area. The subject's improvement assessment of \$18.06 per square foot of living area falls within the range established by the most similar comparables. The Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
