

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sue Pon
DOCKET NO.: 06-31205.001-R-1
PARCEL NO.: 17-28-132-033-0000

The parties of record before the Property Tax Appeal Board are Sue Pon, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 8,553
IMPR.: \$ 26,694
TOTAL: \$ 35,247

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story townhouse of masonry construction containing 1,792 square feet of living area. The dwelling is 25 years old. Features of the home include a partial, unfinished basement, central air conditioning and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as masonry townhouses that range in age from two to 25 years old. The comparable dwellings range in size from 1,711 to 2,034 square feet of living area. The comparables have central air conditioning, two have a fireplace and three have a garage. The basement area was not disclosed on the appellant's petition. Although the appellant submitted the Cook County Assessor's Office property sheets on four properties, three of these were not the properties described on the petition. The comparables have improvement assessments ranging from \$8.56 to \$13.94 per square foot of living area. The subject's improvement assessment is \$14.90 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry townhouses that are either 22 or 25 years old. The dwellings contain either 1,560 or 1,792 square feet of living area. The comparables have full or partial basements, two of which are finished, and central air conditioning. Two have a garage. These properties have improvement assessments ranging from \$14.90 to \$16.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparable one and the board of review's comparables one and two were identical to the subject in age and size. They were also similar to the subject in other features. Due to their similarities with the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$12.54 to \$14.94 per square foot of living area. The subject's improvement assessment of \$14.90 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
