

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Choate
DOCKET NO.: 06-31330.001-R-1
PARCEL NO.: 13-36-319-039-0000

The parties of record before the Property Tax Appeal Board are Thomas Choate, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,936
IMPR.: \$ 32,740
TOTAL: \$ 42,676

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story multi-family dwelling of frame construction containing 3,414 square feet of living area. The dwelling is 123 years old, and it has two apartment units, a full, unfinished basement, and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame multi-family dwellings that range in age from 111 to 128 years old. The appellant's comparables all have the same neighborhood and classification codes as the subject. The comparable dwellings range in size from 3,042 to 3,549 square feet of living area, and they have either three or four apartment units. Three buildings have full, finished basements with apartments, and one has a full, unfinished basement. One comparable has central air conditioning, and another has a two-car garage. The comparables have improvement assessments ranging from \$7.17 to \$8.99 per square foot of living area. The subject's improvement assessment is \$9.59 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame multi-family dwellings that range in age from 103 to 113 years old. The comparables all have the same neighborhood and classification codes as the subject. The dwellings range in size from 3,020 to 3,623 square feet of living area. Each comparable has two or three apartment units and a garage, either one-car or two-car. One building has a full, unfinished basement, and three buildings do not have basements. These properties have improvement assessments ranging from \$9.96 to \$11.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that the eight comparables submitted by both parties were all very similar to the subject in style, age, exterior construction, and size. These comparables had improvement assessments that ranged from \$7.17 to \$11.27 per square foot of living area. The subject's improvement assessment of \$9.59 per square foot of living area falls within the range established by these comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
