

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Huff
DOCKET NO.: 07-00818.001-R-1
PARCEL NO.: 14-27-183-017

The parties of record before the Property Tax Appeal Board are Carol Huff, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,410
IMPR: \$17,150
TOTAL: \$20,560**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one and one-half story frame dwelling containing 1,092¹ square feet of living area that was built in 1955. Features include an unfinished basement, central air conditioning and a two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales. The comparables are located in the subject's same neighborhood code as defined by the local assessor, but their proximity in relation to the subject was not disclosed. The comparables consist of one or one and one-half story frame dwellings that were built from 1905 to 1965 and range in size from 864 to 1,009 square feet of living area. Two comparables

¹ The appellant's appeal petition indicates the subject dwelling contains 924 square feet of living area. However, the subject's property record card submitted by both parties depict the subject dwelling has 1,092 square feet of living area. For purposes of this appeal, the Board finds the subject dwelling contains 1,092 square feet of living area.

have unfinished basements and one comparable has a concrete slab foundation. Two comparables have central air conditioning. The comparables sold from December 2005 to September 2007 for prices ranging from \$29,900 to \$30,000 or from \$29.63 to \$34.72 per square of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$20,560 was disclosed. The subject's assessment reflects an estimated market value of \$61,890 or \$56.68 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment, the board of review submitted an analysis of three comparable sales and a map detailing their close proximity in relation to the subject. The comparables consist of one-story dwellings that were built from 1935 to 1938 and range in size from 824 to 1,296 square feet of living area. Two comparables have unfinished basements and one comparable has a partial finished basement. Two comparable have central air conditioning and two comparables have a garage. The comparables sold from May to June of 2006 for prices ranging from \$71,000 to \$91,500 or from \$64.81 to \$97.34 per square of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review. The appellant argued the comparables have updated features and are in superior condition when compared to the subject. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains six suggested comparable sales for the Board's consideration. The Board gave less weight to the comparables submitted by the appellant. Comparable 1 is older than the subject. Comparable 2 sold in 1995, which is considered less indicative of the subject's fair market value as of the January 1, 2007 assessment date. Comparable 3 has a concrete slab foundation, unlike the subject's unfinished basement.

Finally, the appellant failed to disclose the proximate location of the comparables in relation to the subject, which further detracts from the weight of the appellant's evidence. The Property Tax Appeal Board finds the comparables submitted by the board of review are more similar to the subject in location, age, size, design, and features. They sold for prices ranging from \$71,000 to \$91,500 or \$64.81 to \$97.34 per square of living area including land. The subject's assessment reflects an estimated market value of \$61,890 or \$56.68 per square foot of living area including land, which is less than the most similar comparable sales contained in this record. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
