

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Shear
DOCKET NO.: 07-01037.001-R-1
PARCEL NO.: 18-03-255-010

The parties of record before the Property Tax Appeal Board are Mark Shear, the appellant(s), by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 1,270
IMPR: \$ 6,230
TOTAL: \$ 7,500**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 846 square feet of living area. The dwelling was built in 1900.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. Two are located in areas with different neighborhood numbers than the subject, and the appellant did not provide the neighborhood number for the third comparable. The appellant did not indicate how close their locations are to the subject. They consist of one-story or one and one-half story frame dwellings that were built in 1900 or 1930 and contain 1,020 to 1,120 square feet of living area. All have basements, two have garages, and one has central air conditioning. The comparables sold from January 2006 to April 2007 for \$15,000 to \$17,250 or \$14.36 to \$15.40 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$7,500 was disclosed. The subject's assessment reflects an estimated market value of

\$22,577 or \$26.69 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood number as the subject. They consist of one-story frame dwellings. They were built in 1915 or 1932. The dwellings have 770 or 800 square feet of living area. All have basements, and one has a garage. The board of review's comparables sold in December 2005 or February 2006 for prices ranging from \$17,500 to \$28,000 or from \$21.88 to \$36.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets that related to some of the board of review's comparables and pointed out that the board of review's comparables all have basements. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The Board finds the appellant's comparables should be given reduced weight because it is not clear where they are located with respect to the subject. The board of review's comparables were located in an area with the same neighborhood number as the subject and were similar in most property characteristics. They had selling prices that range from \$21.88 to \$36.36 per square foot of living area including land. The subject's assessment-based estimated value of \$26.69 per square foot is lower than two of the three board of review comparables. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
