

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Merle Huff
DOCKET NO.: 07-01038.001-R-1
PARCEL NO.: 14-31-231-010

The parties of record before the Property Tax Appeal Board are Merle Huff, the appellant(s), by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 3,350
IMPR: \$ 20,760
TOTAL: \$ 24,110**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story frame dwelling containing 864 square feet of living area that was built in 1920. Features include a concrete slab foundation and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales. The comparables are located in the subject's assessment neighborhood code as defined by the local assessor, however; their proximity in relation to the subject was not disclosed. The comparables consist of one-story frame dwellings that were built in 1951 or 1952 and range in size from 720 to 780 square feet of living area. Two comparables have unfinished basements and one comparable has a partial finished basement. Two comparables have central air conditioning and all the comparables have a garage. The comparables sold from February to July 2006 for prices ranging from \$53,000 to \$57,000 or from \$67.94 to \$79.16 per square of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$24,110 was disclosed. The subject's assessment reflects an estimated market value of \$72,620 or \$84.05 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment, the board of review submitted property record cards, a location map and a market analysis of three comparable sales. The comparables are located in close proximity and within the same assessment neighborhood code as the subject as defined by the local assessor. The comparables consist of one-story frame dwellings that were built from 1950 to 1955 and contain 864 square feet of living area. One comparable has an unfinished basement; one comparable has a partial finished basement; and one comparable does not have a basement. All the comparables have a central air conditioning and a garage. The comparables sold from March 2006 to May 2007 for prices ranging from \$72,300 to \$81,000 or from \$83.68 to \$93.75 per square of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review. The appellant argued the comparables have updated features and are in superior condition when compared to the subject. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains six suggested comparable sales for the Board's consideration. The Board finds both parties' comparables are similar to the subject in most respects, but five of the six comparables have basements, unlike the subject. The six comparables sold for prices ranging from \$53,000 to \$81,000 or from \$67.94 to \$93.75 per square of living area including land. The most similar property contained in this record is comparable 2 submitted by board of review, which does not have a basement like the subject. This comparable sold for \$74,000 or \$85.65 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$72,620 or

\$84.05 per square foot of living area including land. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
