

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roger Heim
DOCKET NO.: 07-01068.001-R-1
PARCEL NO.: 14-35-182-011

The parties of record before the Property Tax Appeal Board are Roger Heim, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,390
IMPR.: \$ 8,550
TOTAL: \$ 9,940

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story frame dwelling containing 1,152 square feet of living area that was built in 1916. Features include an unfinished basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted a Multiple Listing Sheet indicating the subject property was purchased in January 2005 for \$18,000 after being exposed to the market for only nine days. The appellant did not submit any corroborating documentation detailing the terms of the sale, such as a sales contract, Real Estate Transfer Declaration or a settlement statement. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$9,940 was disclosed. The subject's assessment reflects an estimated market value of \$29,992 or \$25.97 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment, the board of review submitted property record cards and a market analysis of three comparable sales. The comparables are located in the subject's same assessment neighborhood code as defined by the local assessor. The comparables consist of one-story frame dwellings that were built from 1910 to 1930 and range in size from 988 to 1,265 square feet of living area. The comparables have unfinished basements, one comparable has central air conditioning and one comparable has a garage. The comparables sold from July 2005 to November 2006 for prices ranging from \$39,900 to \$45,000 or from \$35.57 to \$42.69 per square of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review. The appellant argued the comparables have updated features and are in superior condition when compared to the subject. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The Board gave little weight to the subject's 2005 sale price. The Board finds the sale is considered dated as the transaction occurred almost two years prior to the subject's January 1, 2007 assessment date. Furthermore, the Board finds appellant did not submit any corroborating documentation detailing the terms of the subject's sale, such as a sales contract, Real Estate Transfer Declaration or a settlement statement.

The record also contains three suggested comparable sales submitted by the board of review for the Board's consideration. The Board gave less weight to comparable #3. This sale occurred in 2005, which is considered less indicative of the subject's fair market value as of the January 1, 2007 assessment date. The Board finds comparables #1 and #2 submitted by the board of review are most representative of the subject in age, size, style and features. These comparables each sold for \$45,000 or \$35.57 and \$42.69 per square foot of living area including land in January and November 2006. The subject's assessment reflects an estimated market value of \$29,992 or \$25.97 per square foot of living area including land, which is less than the most similar

comparables contained in the record. After considering adjustments for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
