

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trev Hoover
DOCKET NO.: 07-01083.001-R-1
PARCEL NO.: 14-32-258-038

The parties of record before the Property Tax Appeal Board are Trev Hoover, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,710
IMPR.: \$9,290
TOTAL: \$12,000**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one and one-half story dwelling of frame construction containing 1,050 square feet of living area. The dwelling was built in 1921. Features include a basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story or one and one-half story frame dwellings. They were built from 1919 to 1926. They contain 812 to 1,032 square feet of living area. All have basements, and two have a garage or carport. The comparables sold from November 2006 to May 2007 for \$19,000 to \$28,000 or \$21.99 to \$34.48 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$12,000 was disclosed. The subject's assessment reflects an estimated market value of \$36,123 or \$34.40 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story or one and one-half story frame dwellings that were built from 1922 to 1925. The dwellings have 1,036 to 1,596 square feet of living area. All have basements, two have garages, and one has central air conditioning. The board of review's comparables sold from March to October 2007 for \$44,900 to \$51,650 or for \$32.36 to \$43.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets related to the board of review's comparable properties and highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparable #1 and the board of review's comparable #1 are of a different design than the subject and the board of review's comparable #2 is much larger than the subject. The Board finds the remaining three comparables are most similar to the subject in design and size and are generally similar to the subject in other property characteristics. They had selling prices of \$19,000 to \$44,900 or \$21.99 and \$42.76 per square foot of living area including land. The subject's estimated market value of \$36,123 or \$34.40 per square foot of living area including land lies within that range and is lower than the \$34.48 per square foot selling price of the appellant's own comparable #2. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
