

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: K.C. Jones
DOCKET NO.: 07-01090.001-R-1
PARCEL NO.: 18-18-201-014

The parties of record before the Property Tax Appeal Board are K.C. Jones, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 700
IMPR: \$ 7,040
TOTAL: \$ 7,740

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story frame dwelling containing 912 square feet of living area that was built in 1970. Features include a crawl space.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales. Two comparables are located in different assessment neighborhood codes than the subject as defined by the local assessor. In addition the comparables' proximate location in relation to the subject was not disclosed. The comparables consist of one-story concrete block or frame exterior dwellings that were built from 1910 to 1949 and range in size from 546 to 884 square feet of living area. Two comparables have unfinished basements and one comparable has a concrete slab foundation. One comparable has central air conditioning and all the comparables have a detached garage. The comparables sold from October to December 2006 for prices ranging from \$4,000 to \$6,000 or from \$4.87 to \$9.15 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$7,740 was disclosed. The subject's assessment reflects an estimated market value of \$23,299 or \$25.55 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment, the board of review submitted property record cards and a market analysis of three comparable sales. All the comparables are located in the subject's same assessment neighborhood code as defined by the local assessor. However, their proximity in relation to the subject was not disclosed. The comparables consist of one-story frame dwellings that were built from 1930 to 1940 and contain from 672 to 766 square feet of living area. Two comparables have unfinished basements and one comparable has a partial finished basement. Other features include central air conditioning and detached garages. They sold from August 2005 to May 2006 for prices ranging from \$21,000 to \$29,500 or from \$30.03 to \$41.90 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review. The appellant argued the comparables have updated features and are in superior condition when compared to the subject. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains six suggested comparable sales for the Board's consideration. The Board gave less weight to appellant's comparable 3 due to its considerably older age when compared to the subject. The Board also gave less weight to comparables 2 and 3 submitted by the board of review. These comparables sold in 2005, which is considered dated and less indicative of fair market value as of subject's January 1, 2007 assessment date. The Property Tax Appeal Board finds the remaining three comparables submitted by the parties are more similar to the subject in age, size, design, and features. They sold for prices ranging from \$5,000 to \$23,000 or from \$6.78 to \$30.03 per square

of living area including land. The subject's assessment reflects an estimated market value of \$23,299 or \$25.55 per square foot of living area including land, which falls within the range established by the most similar comparable sales contained in this record. After considering adjustments to the comparables for any differences when compared to the subject, such as their older age, features and condition, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
