

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rex Richard
DOCKET NO.: 07-01114.001-R-1
PARCEL NO.: 18-04-233-008

The parties of record before the Property Tax Appeal Board are Rex Richard, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$1,960
IMPR: \$7,640
TOTAL: \$9,600**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 1,440 square feet of living area. Included in the living area is a partially finished attic. The dwelling was built in 1905. Features of the home include a basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one and one-half story frame dwellings. They were built in 1910 or 1925. They contain 1,293 to 2,046 square feet of living area. All have basements, two have garages, and one has central air conditioning. The comparables sold from December 2006 to August 2007 for \$14,500 or \$17,000 or \$8.30 to \$11.21 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$12,480 was disclosed. The subject's assessment reflects an estimated market value of \$37,568 or \$26.09 per square foot of living area

including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story or two-story frame dwellings that were built from 1900 to 1925. One has a partially finished attic. The dwellings have 994 to 1,662 square feet of living area. All have basements, one has a garage, and one has central air conditioning. The board of review's comparables sold from July 2006 to September 2007 for \$34,000 to \$44,900 or from \$23.47 to \$34.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets related to the board of review's comparables and highlighted their condition and amenities. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the burden has been met.

The record contains six suggested comparable sales for the Board's consideration. The Board finds the appellant's comparable #3 and the board of review's comparable #2 are much larger and much smaller than the subject, respectively. The Board finds the remaining comparables more similar in size to the subject and generally similar in amenities. They had selling prices that range from \$14,500 to \$44,900 or \$10.11 to \$34.89 per square foot of living area including land. The subject's estimated market value of \$26.09 per square foot is higher than all except the board of review's comparable #1, which sold for \$34.89 per square foot. However, the appellant's rebuttal included a listing sheet that indicated the board of review's comparable #1 sold for \$24,500 or \$19.04 per square foot closer to the assessment date than the sale reported by the board of review. Using the sale closer to the assessment date for the sales price of the board of review's comparable #1 places the \$26.09 per square foot estimated value of the subject higher than all the most similar comparables. After considering the evidence the Board finds a preponderance of the evidence indicates the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
