

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyle Wheelwright  
DOCKET NO.: 07-01131.001-R-1  
PARCEL NO.: 18-18-101-006

The parties of record before the Property Tax Appeal Board are Kyle Wheelwright, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:       \$870  
IMPR:       \$5,442  
TOTAL:      \$6,312**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame construction containing 988 square feet of living area. The dwelling was built in 1946. Features of the home include a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on the sale of the subject in January 2006 for \$15,500 and the subsequent expenditure of \$3,500 for renovations before it was occupied in May 2006. The information supplied by the appellant indicates the sale was not between family or related corporations, and the property was offered for sale by the Federal Home Loan Mortgage Corporation through a multiple listing service for a period of 78 days prior to sale. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$12,940 was disclosed. The subject's assessment reflects an estimated market value of \$38,952 or \$39.43 per square foot of living area

including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story frame dwellings that were built in 1946. The dwellings have 676 to 1,066 square feet of living area. All have garages, one has central air conditioning, and one has a basement. The board of review's comparables sold from December 2006 to October 2007 for \$37,000 to \$66,000 or from \$47.07 to \$61.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets related to the board of review's comparables and highlighted their condition and amenities. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the burden has been met.

The appellant provided evidence of a recent sale of the subject to demonstrate that it is overvalued. The appellant's evidence indicates the subject was exposed to the open market through a multiple listing service for more than two and one-half months before being purchased by the appellant for \$15,500 in January 2006. The appellant then spent \$3,500 renovating the subject before it was occupied in May 2006. The board of review did not provide any evidence that the sale was not an arm's length transaction. The Board finds that the market value of the subject is its selling price of \$15,500 plus its renovation cost of \$3,500 for a total of \$19,000. The Board finds the subject's total assessment should be the market value of \$19,000 multiplied by Peoria County's 2007 three-year median level of assessments of 33.22%, or \$6,312. After considering the evidence the Board finds the appellant has proven by a preponderance of the evidence that the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
