

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Magna Trust Co.
DOCKET NO.: 07-01154.001-R-1
PARCEL NO.: 18-08-108-002

The parties of record before the Property Tax Appeal Board are Magna Trust Co., the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,020
IMPR.: \$19,580
TOTAL: \$21,600

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a two-story frame dwelling containing 1,238 square feet of living area that was built in 1910. Features include an unfinished basement and a 352 square foot detached garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three suggested comparable sales. The comparables are located in the same assessment neighborhood code as the subject as defined by the local assessor. However, their proximity in relation to the subject was not disclosed. The comparables consist of one or one and one-half story frame dwellings that were built between 1890 and 1930 and range in size from 1,271 to 1,533 square feet of living area. Two comparables have unfinished basements, one comparable has central air conditioning and two comparables have either a one-car or a two-car garage. The comparables sold from April 2006 to June 2007 for prices ranging from \$35,000 to \$43,000 or from \$22.83 to \$32.09 per square of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$21,600 was disclosed. The subject's assessment reflects an estimated market value of \$65,021 or \$52.52 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment, the board of review submitted property record cards and an analysis of three comparable sales. The comparables are located in the same assessment neighborhood code as the subject, but their proximity in relation to the subject was not disclosed. The comparables consist of two-story frame or brick dwellings that were built from 1914 to 1920 and range in size from 1,894 to 3,498 square feet of living area. The comparables have unfinished basements and garages that range in size from 252 to 1,160 square feet. One comparable has central air conditioning. Comparable #2 was described as a duplex. The comparables sold from October 2005 to April 2007 for prices ranging from \$124,100 to \$140,000 or from \$40.02 to \$71.28 per square of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the board of review comparables #1 and #3. The appellant argued the comparables have updated features and are in superior condition when compared to the subject. Regarding the board of review's comparable #2, the appellant argued it is a duplex dwelling and not comparable to a single family rental dwelling. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains six suggested comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparable #1 due to the lack of a basement when compared to the subject's unfinished basement and comparable #2 due to its dissimilar one-story design when compared to the subject's two-story design. The Board gave less weight to the board of review's comparable #1. This property sold in 2005, which is not indicative of the market as of the subject's January

1, 2007 assessment date. The board of review's comparable #2 is a dissimilar multi-family duplex and is significantly larger in size when compared to the subject property. The Board finds the remaining two comparables more similar to the subject in age, size, style and features. They sold for prices ranging from \$35,100 and \$124,100 or \$27.62 and \$62.80 per square of living area including land. The subject's assessment reflects an estimated market value of \$65,021 or \$52.52 per square foot of living area including land. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
