

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Crayton  
DOCKET NO.: 07-01182.001-R-1  
PARCEL NO.: 13-13-310-014

The parties of record before the Property Tax Appeal Board are Jerry Crayton, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,740  
IMPR.: \$16,223  
TOTAL: \$18,963**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame construction containing 903 square feet of living area. The dwelling was built in 1970. Features include a basement and central air conditioning.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story frame dwellings. They were built in 1969 or 1978. They contain 825 to 1,028 square feet of living area. All have basements, two have garages, and two have central air conditioning. The comparables sold from July 2006 to April 2007 for \$50,000 to \$61,000 or \$55.37 to \$63.03 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$23,160 was disclosed. The subject's assessment reflects an estimated market value of \$69,717 or \$77.21 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story frame dwellings that were built in 1969 or 1970. The dwellings have 875 or 903 square feet of living area. All have basements, garages and central air conditioning. The basements have 800 square feet of finished recreational areas. The board of review's comparables sold from May 2005 to August 2006 for \$82,000 to \$88,900 or \$93.71 to \$101.14 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has met this burden.

The record contains six suggested comparable sales for the Board's consideration. All of the comparable dwellings are quite similar to the subject in age, size and design. However, the Board finds the appellant's comparables more similar to the subject in other property characteristics. The board of review's comparables all have two-car or larger garages and 800 square feet of finished recreation areas in their basements. The appellant's comparables have at most one-car garages and no finished basement area. The subject has no garage and no finished basement area. The appellant's comparables had selling prices that range from \$50,000 to \$61,000 or \$55.37 to \$63.03 per square foot of living area including land. The subject's estimated market value of \$69,717 or \$77.21 per square foot of living area including land is above that range. After considering the evidence the Board finds the appellant has proven by a preponderance of the evidence that the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
