

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terry Dies
DOCKET NO.: 07-01219.001-R-1
PARCEL NO.: 14-33-407-020

The parties of record before the Property Tax Appeal Board are Terry Dies, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 2,390
IMPR.: \$ 11,870
TOTAL: \$ 14,260**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 945 square feet of living area. The dwelling was built in 1930. Features include a basement, central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story frame dwellings. They were built from 1860 to 1926. They contain 624 to 875 square feet of living area. Two have basements, two have garages, and two have central air conditioning. The comparables sold from November 2006 to June 2007 for \$7,500 to \$21,500 or \$11.16 to \$24.57 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$14,260 was disclosed. The subject's assessment reflects an estimated market

value of \$42,926 or \$45.42 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in the same neighborhood code area as the subject. They consist of one-story frame or brick dwellings that were built from 1904 to 1924. The dwellings have 928 to 1,264 square feet of living area. All have basements and garages, and one has central air conditioning. The board of review's comparables sold from May 2005 to April 2006 for \$46,500 to \$50,000 or \$37.74 to \$51.72 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparable #1 is 70 years older than the subject. The appellant's comparable #2 is more than 30 percent smaller than the subject, and the board of review's comparables #1 and #2 are more than 30 percent larger than the subject. The remaining two comparables are close in age and size to the subject and are generally similar in property characteristics. They sold for \$21,500 and \$48,000 or \$24.57 and \$51.72 per square foot of living area including land. The subject's estimated market value of \$42,926 or \$45.42 per square foot of living area including land is between those two and is lower than the \$51.72 per-square-foot selling price of the board of review's comparable #3 located in the same neighborhood area as the subject and lacking central air conditioning enjoyed by the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
