

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trevelyn D. Hoover  
DOCKET NO.: 07-01366.001-R-1  
PARCEL NO.: 14-34-308-019

The parties of record before the Property Tax Appeal Board are Trevelyn D. Hoover, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,420  
IMPR.: \$10,070  
TOTAL: \$12,490**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story duplex dwelling of brick construction containing 1,656 square feet of living area. The dwelling was built in 1900. Features of the home include a basement and a garage. It is listed by both parties as being in "poor" condition.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one and one-half story frame dwellings. One is a duplex. They were built in 1910 or 1925. They contain 1,293 to 2,046 square feet of living area. All have basements, two have garages, and one has central air conditioning. The comparables sold from December 2006 to August 2007 for \$14,500 or \$17,000 or \$8.30 to \$11.21 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$12,490 was disclosed. The subject's assessment reflects an estimated market value of \$37,598 or \$22.70 per square foot of living area

including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story or two-story frame dwellings that were built from 1904 to 1910. They are single-family residences. The dwellings have 1,280 to 1,396 square feet of living area. All have basements, one has central air conditioning, one has a fireplace and one has a garage. The board of review's comparables sold from March 2005 to September 2006 for \$57,000 to \$69,900 or for \$41.73 to \$51.17 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets related to the board of review's comparable properties and highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. A review of the descriptions and photos of the subject and the comparables indicates that none of the comparables is similar in design or exterior construction to the subject. The six comparables had selling prices from \$14,500 to \$69,900 or \$8.30 to \$51.17 per square foot of living area including land. The subject's estimated market value of \$37,598 is well within the range of the comparables, and the estimated market value of \$22.70 per square foot of living area including land is in the lower part of the range of the comparables. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
