

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Herman Crayton
DOCKET NO.: 07-01729.001-R-1
PARCEL NO.: 14-33-255-025

The parties of record before the Property Tax Appeal Board are Herman Crayton, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 2,500
IMPR.: \$ 13,600
TOTAL: \$ 16,100**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 888 square feet of living area. The dwelling was built in 1940. Features include a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story frame dwellings. They were built from 1860 to 1926. They contain 624 to 875 square feet of living area. Two have basements, two have garages, and two have central air conditioning. The comparables sold from November 2006 to June 2007 for \$7,500 to \$21,500 or \$11.16 to \$24.57 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$16,100 was disclosed. The subject's assessment reflects an estimated market

value of \$48,465 or \$54.58 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood code as the subject. They consist of one-story frame dwellings that were built in 1900 or 1927. The dwellings have 816 to 1,046 square feet of living area. All have basements, garages and central air conditioning. The board of review's comparables sold from January 2006 to October 2007 for \$46,500 to \$60,000 or \$56.88 to \$59.99 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparable #1 is 80 years older than the subject, and the appellant's comparable #2 is approximately 30 percent smaller than the subject. The other comparables are generally similar to the subject in property characteristics. They sold for \$21,500 to \$60,000 or \$24.57 to \$59.99 per square foot of living area including land. The subject's estimated market value of \$48,465 or \$54.58 per square foot of living area including land is within that range and is lower than the per-square-foot selling prices of the three comparables located in the same neighborhood code as the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
