

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Shear  
DOCKET NO.: 07-01730.001-R-1  
PARCEL NO.: 18-08-129-003

The parties of record before the Property Tax Appeal Board are Mark Shear, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 3,620  
IMPR.:    \$ 22,290  
TOTAL:    \$ 25,910**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one and one-half story dwelling of frame construction containing 1,881 square feet of living area. The dwelling was built in 1910. Features include a basement, central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant did not indicate their proximity to the subject. The appellant's comparables consist of two-story frame dwellings. Two were built in 1920 and 1930, and the age of the other was not disclosed. They contain 1720 to 2000 square feet of living area. All have basements, two have central air conditioning and fireplaces, and one has a garage. The comparables sold from July 2006 to June 2007 for \$43,000 to \$59,900 or \$21.50 to \$33.27 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$25,910 was disclosed. The subject's assessment reflects an estimated market value of \$77,995 or \$41.46 per square foot of living area

including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood code as the subject, and one is on the same block of the same street as the subject. They consist of two-story frame or brick dwellings that were built from 1914 to 1920. The dwellings have 1,894 to 3,498 square feet of living area. All have basements and garages, and one has central air conditioning. The board of review's comparables sold from October 2005 to April 2007 for \$124,100 to \$140,000 or \$40.02 to \$71.28 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The board of review's comparable #2 is much larger than the subject and is given little weight in the Board's analysis. The remaining comparables are all of two-story design unlike the one and one-half story design of the subject. However, they are similar to the subject in size and some other property characteristics. They sold for \$43,000 to \$140,000 or \$21.50 to \$71.28 per square foot of living area including land. The subject's estimated market value of \$77,995 or \$41.46 per square foot of living area including land is well within that range and is much lower than the board of review's comparable #1 located on the same street and block as the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
