

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lyle Fricke
DOCKET NO.: 07-01753.001-R-1
PARCEL NO.: 14-27-176-034

The parties of record before the Property Tax Appeal Board are Lyle Fricke, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 3,830
IMPR.: \$ 23,270
TOTAL: \$ 27,100**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story, duplex dwelling of brick construction containing 1,140 square feet of living area. The dwelling was built in 1950. Features include a central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story, frame or brick, duplex dwellings. They were built from 1956 to 1972. They contain 1,344 to 1,872 square feet of living area. Two have basements, two have central air conditioning, and all have garages. The comparables sold from February 2006 to September 2007 for \$90,000 to \$125,000 or \$56.55 to \$66.96 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$27,100 was disclosed. The subject's assessment reflects an estimated market

value of \$81,577 or \$71.56 per square foot of living area including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in the same neighborhood code area as the subject, and the map provided by the board of review indicates they are located close to the subject. They consist of one-story, frame or brick dwellings that were built from 1950 to 1970. One is a duplex. The dwellings have 974 to 1,456 square feet of living area. All have central air conditioning, and two have basements and garages. The board of review's comparables sold from May 2006 to January 2007 for \$80,000 to \$117,000 or \$80.36 to \$88.19 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables #2 and #3 were much larger than the subject. The board of review's comparables #1 and #2 were not of duplex design and also had basements not enjoyed by the subject. The remaining two comparables sold for \$90,000 and \$117,000 or \$66.96 and \$80.36 per square foot of living area including land. The subject's estimated market value of \$81,577 or \$71.56 per square foot of living area including land is supported by these sale prices and is much lower than the per-square-foot selling price of the board of review's comparable #3 located near the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
