

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sylvia Nath  
DOCKET NO.: 07-01767.001-R-1  
PARCEL NO.: 18-05-284-003

The parties of record before the Property Tax Appeal Board are Sylvia Nath, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 2,280  
IMPR.:    \$ 11,450  
TOTAL:    \$ 13,730**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame construction containing 1,047 square feet of living area. The dwelling was built in 1930. Features of the home include a basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one and one-half story or two-story frame or brick dwellings. They were built from 1912 to 1928. They contain 1,121 to 1,400 square feet of living area. All have basements, two have fireplaces, and one has central air conditioning and a garage. The comparables sold from November 2006 to January 2007 for \$21,000 or \$30,600 or \$15.00 to \$22.76 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$13,730 was disclosed. The subject's assessment reflects an estimated market value of \$41,331 or \$39.48 per square foot of living area

including land using Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. Two are located in an area with the same neighborhood code as the subject. They consist of one-story frame dwellings that were built from 1920 to 1929. The dwellings have 938 to 1,145 square feet of living area. All have basements and garages, and two have central air conditioning. The board of review's comparables sold in March or April 2006 for \$49,900 to \$62,000 or for \$46.03 to \$66.10 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted listing sheets related to the board of review's comparable properties and highlighted differences between the subject and the board of review's comparables. The appellant indicated the board of review's comparable #3 is located at two miles from the subject in a different area of town. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables are of a different design than the subject. The map provided by the board of review indicates the board of review's comparable #3 is located far from the subject. The remaining two comparables are generally similar to the subject in style, location, size and amenities, although one has central air conditioning not enjoyed by the subject and they both have garages. They had selling prices of \$58,000 and \$62,000 or \$50.65 and \$66.10 per square foot of living area including land. The subject's estimated market value of \$41,331 or \$39.48 per square foot of living area including land is much lower than the selling prices of the most similar comparables. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
