

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fisher Bros. Properties LLC
DOCKET NO.: 07-01933.001-R-1
PARCEL NO.: 18-04-128-012

The parties of record before the Property Tax Appeal Board are Fisher Bros. Properties LLC, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,570
IMPR.: \$20,750
TOTAL: \$23,320

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 95 year-old, two-story, "old style" brick dwelling that contains 2,416 square feet of living area. Features of the home include central air conditioning, a fireplace, a full basement with 900 square feet of finished area and a 400 square foot garage.

The appellant submitted evidence to the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted the subject's property record card, as well as multiple listing sheets and a grid analysis of three comparable properties. The comparables consist of 1.5-story, bungalow or "old style" frame dwellings that were built between 1880 and 1924 and range in size from 1,128 to 1,546 square feet of living area. Features of the comparables include full or partial unfinished basements. Two comparables have one-car garages. These properties sold between November 2006 and February 2007 for prices ranging from \$18,500 to \$23,000 or from \$11.96 to \$20.39 per square foot of living area including land.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$13,340, reflecting a market value of approximately \$40,020.

The board of review submitted its Board of Review Notes on Appeal wherein the subject's total assessment of \$23,320 was disclosed. The subject has an estimated market value of \$70,199 or \$29.06 per square foot of living area including land, as reflected by its assessment and Peoria County's 2007 three-year median level of assessments of 33.22%.

In support of the subject's estimated market value as reflected by its assessment, the board of review submitted property record cards and a grid analysis of three comparable properties located in the same assessor's assigned neighborhood code as the subject. The comparables consist of two-story, "old style" frame dwellings that were built between 1890 and 1930 and range in size from 1,629 to 2,175 square feet of living area. Features of the comparables include full basements, one of which contains 825 square feet of finished area and one or two fireplaces. One comparable has central air conditioning. These properties sold between August 2006 and February 2007 for prices ranging from \$54,900 to \$75,000 or from \$32.07 to \$36.83 per square foot of living area including land. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant argued the board of review's comparables have features not enjoyed by the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds no reduction in the subject property's assessment is warranted.

The appellant contends overvaluation as the basis of the appeal. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). After analyzing the market evidence submitted, the Board finds the appellant has failed to meet this burden.

The Board finds the parties submitted six comparables for its consideration. The Board gave less weight to the appellant's comparables and the board of review's comparables 2 and 3 because they were significantly smaller in living area when compared to the subject. The Board finds the board of review's comparable 1 was similar to the subject in design, living area, location and most features and sold for \$34.48 per square foot of living area including land. The subject's estimated market value as reflected by its assessment of \$29.06 per square foot of living area is supported by this most representative comparable. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the

Docket No: 07-01933.001-R-1

evidence in the record supports the subject's assessment and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
