

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Szidik
DOCKET NO.: 07-03263.001-C-1
PARCEL NO.: 06-13-456-003

The parties of record before the Property Tax Appeal Board are Greg Szidik, the appellant, and the Williamson County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Williamson County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,790
IMPR.: \$14,270
TOTAL: \$24,060

Subject only to the State multiplier as applicable.

ANALYSIS

The subject parcel of approximately 10,890 square feet of land is improved with a two-story frame and masonry multi-family dwelling. The building is approximately 60 years old and has six one-bedroom apartments. The building contains 6,000 square feet of building area with a crawl-space foundation and is located in Marion, Williamson County.

The appellant contends the assessment of the subject property is inequitable. In support of this argument, the appellant submitted descriptions and assessment information on three comparables. The data provided by the appellant indicates the comparables consist of parcels ranging in size from 4,356 to 14,520 square feet of land area. Each has been improved with a frame exterior constructed apartment building ranging in age from 24 to 34 years old. The comparables have from two to four apartments and range in size from 2,500 to 3,000 square feet of living area.

The comparables have land assessments ranging from \$5,560 to \$6,300 or from \$0.43 to \$1.28 per square foot of land area. The subject has a land assessment of \$9,790 or \$0.90 per square foot of land area. These same three comparables have improvement assessments ranging from \$42,680 to \$62,460 or from \$17.07 to \$20.82 per square foot of building area. The subject has an improvement assessment of \$14,270 or \$2.38 per square foot of building area.

As part of the appeal, the appellant also submitted a copy of the decision issued by the board of review establishing a total assessment of \$24,060. Based on this evidence, the appellant requested reductions in the subject's land assessment to \$8,500 or \$0.78 per square foot of land area and a reduction in the improvement assessment to \$12,000 or \$2.00 per square foot of living area. In summary, the appellant requested a total assessment reduction to \$20,500.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record does not support a reduction in the subject's assessment.

The appellant contends assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is not warranted.

The appellant in this appeal submitted assessment information on three assessment comparables to demonstrate the subject was inequitably assessed. These comparables had land assessments ranged from \$0.43 to \$1.28 per square foot of land area. The subject has a land assessment of \$0.90 per square foot of land area which is within the range of the comparable parcels presented. Similarly, these three comparables had improvement assessments that ranged from \$17.07 to \$20.82 per square foot of living area. The subject has an improvement assessment of \$2.38 per square foot of living area which is well below the range established by the comparables. While the board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board, the appellant must still meet the burden to demonstrate with clear

and convincing evidence that the subject property is not uniformly assessed. Based on this record the Property Tax Appeal Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
