

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: John B. Voss
DOCKET NO.: 07-03296.001-R-1
PARCEL NO.: 14-2-15-15-01-104-010

The parties of record before the Property Tax Appeal Board are John B. Voss, the appellant; and the Madison County Board of Review.

The subject property consists of a residential property improved with a 1.5-story dwelling of frame and brick construction that contains 2,124 square feet of living area. The dwelling is approximately seven years old with features that include a full unfinished basement, a fireplace, central air conditioning and a three-car attached garage. The property is located in Madison County.

The appellant claims overvaluation and assessment inequity as the bases of the appeal. The record contains documentation in the form of four comparable properties submitted by the appellant in support of the complaint. The comparables consisted of a 1.5-story dwelling and three, two-story dwellings that ranged in size from 2,832 to 3,220 square feet of living area. The comparables had similar features as the subject property and were constructed from 1996 to 1998. Three of the comparables sold from April 2007 to March 2008 for prices ranging from \$293,000 to \$325,000. According to the appellant the comparables had improvement assessments ranging from \$96,560 to \$114,150. The evidence further revealed that the appellant did not file a complaint with the board of review but filed the appeal directly to the Property Tax Appeal Board following receipt of the notice of an equalization factor increasing the subject's assessment from \$100,040 to \$106,500.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment was disclosed. After reviewing the appellant's evidence, the board of review agreed to reduce the subject's assessment by the amount of increase caused by the application of the equalization factor.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Madison County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	21,020
IMPR.:	\$	79,020
TOTAL:	\$	100,040

Subject only to the State multiplier as applicable.

parties and the subject matter of this appeal. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported. However, the record indicates that the appellant did not file a complaint with the board of review but appealed the assessment directly to the Property Tax Appeal Board based on notice of an equalization factor. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board can grant is limited. Section 1910.60(a) of the Official Rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

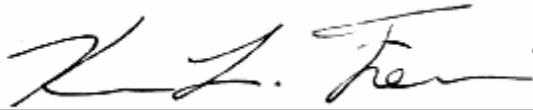

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
