

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Dierking
DOCKET NO.: 07-04588.001-R-1
PARCEL NO.: 29-17.0-201-012

The parties of record before the Property Tax Appeal Board are Brian Dierking, the appellant; and the Sangamon County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Sangamon County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$12,679
IMPR.: \$51,250
TOTAL: \$63,929**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a two-story frame constructed single family dwelling that contains 2,348 square feet of living area. Features of the home include a partial unfinished basement, central air conditioning, a fireplace and a three-car attached garage. The home was constructed in 1994. The property is located in Chatham, Ball Township, Sangamon County.

The appellant claims overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The three comparables were improved with two-story dwellings that were described as having 2,350 square feet of living area and ranged in age from 10 to 12 years old. The appellant indicated that comparables #1 and #2 sold in April 2005 and November 2007 for prices of \$151,900 and \$181,500. In correspondence received October 10, 2008, the appellant further indicated that comparable #3 has been listed on and off the market for three years and was currently listed for \$184,900. The subject's assessment reflects a market value of \$200,457. The evidence further revealed that the appellant filed the appeal directly to the Property Tax Appeal Board following receipt of

the notice of a township equalization factor issued by the board of review increasing the assessment from \$63,929 to \$66,819.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's equalized assessment for 2007 totaling \$66,819 was disclosed. The total assessment reflects a market value of \$200,457. After reviewing the appellant's evidence, the board of review argued the data equity grid was incomplete and one cannot determine a value.

In rebuttal the appellant stated a complaint was filed before the board of review and the parties stipulated to a value of \$181,500. Attached to the rebuttal evidence was a copy of the hearing notice from the Sangamon County Board of Review for the 2008 assessment year, the year subsequent to the assessment year at issue in this appeal.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported. However, the record indicates that the appellant appealed the assessment directly to the Property Tax Appeal Board based on notice of a township equalization factor issued by the board of review. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the Official Rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused

by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
