

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Richard & Donna Glogowski
DOCKET NO.: 07-04896.001-R-1
PARCEL NO.: 04-20.0-300-039

The parties of record before the Property Tax Appeal Board are Richard and Donna Glogowski, the appellants; and the St. Clair County Board of Review.

The subject property consists of a two-story single family dwelling that contains 2,786 square feet of living area. Features of the home include central air conditioning, two fireplaces and a two-car attached garage. The dwelling was constructed in 1982.

The appellants claim overvaluation as the basis of the appeal. The record contains an appraisal submitted by the appellants in support of the complaint. The appraisal estimated the subject property had a market value of \$210,000 as of May 9, 2008. The evidence further revealed that the appellants did not file a complaint with the board of review but filed an appeal directly to the Property Tax Appeal Board following receipt of the notice of an equalization factor. Based on this evidence the appellants requested the subject's assessment be reduced to \$70,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final assessment of \$76,683 was disclosed. After reviewing the appellants' evidence, the board of review agreed to reduce the subject's improvement assessment by the amount of increase caused by the application of the equalization factor.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported. The Board finds the best evidence in the record is appraisal submitted by the appellants estimating the subject had a market value of \$210,000 as of May 9, 2008. However, the record indicates that the appellants did not file a complaint with the board of review but appealed the assessment directly to the Property Tax Appeal Board based on

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the St. Clair County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	11,776
IMPR.:	\$	61,703
TOTAL:	\$	73,479

Subject only to the State multiplier as applicable.

notice of an equalization factor. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the Official Rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

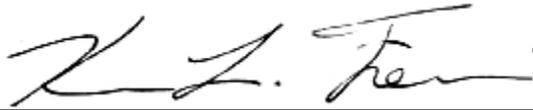

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
