

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Delmer Truss
DOCKET NO.: 07-20020.001-R-1
PARCEL NO.: 23-25-301-064-0000

The parties of record before the Property Tax Appeal Board are Delmer Truss, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,793
IMPR.: \$ 16,194
TOTAL: \$ 26,987

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame and masonry construction containing 1196 square feet of living area. The dwelling is 50 years old. Features of the home include a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted basic assessment information on seven comparable properties but presented a detailed grid analysis of property characteristics on only four. Those four comparable properties are one-story frame or masonry dwellings that range in age from 53 to 56 years old. The comparable dwellings range in size from 1407 to 1456 square feet of living area. All have fireplaces, two have central air conditioning, and one has a full, finished basement. The comparables have improvement assessments ranging from \$7.23 to \$9.72 per square foot of living area. The subject's improvement assessment is \$13.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of one-story masonry or frame and masonry dwellings that range in age from 48 to 58 years old. The dwellings range in size from 1065 to 1280 square feet of living area. Features include full or partial basements, one of which is finished, and one-car or two-car garages. One has central air conditioning, and two have fireplaces. These properties have improvement assessments ranging from \$13.70 to \$15.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables and the board of review's comparables #2 and #3 differed from the subject in exterior construction, and the appellant's comparables also were not as close to the subject in size as were the board of review's comparables #1 and #4. The Board finds the board of review's comparables #1 and #4 should be given more weight in the Board's analysis. These comparables had improvement assessments of \$13.70 and \$15.23 per square foot of living area. The subject's improvement assessment of \$13.54 per square foot of living area is lower than the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
