

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Porfirio Saldana
DOCKET NO.: 07-20083.001-R-1
PARCEL NO.: 16-29-204-033-0000

The parties of record before the Property Tax Appeal Board are Porfirio Saldana, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,599
IMPR.: \$ 18,614
TOTAL: \$ 22,213

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of masonry construction containing 1767 square feet of living area. The dwelling is 87 years old. Features of the home include a full basement that is finished as an apartment and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story or two-story masonry dwellings that range in age from 85 to 90 years old. The comparable dwellings range in size from 1920 to 2102 square feet of living area. They have full basements, and two of the basements are finished. The appellant did not indicate if the finished basements are apartments. One comparable has a fireplace. The appellant did not indicate the nature of any garages the comparables might have. The comparables have improvement assessments ranging from \$7.15 to \$7.45 per square foot of living area. The subject's improvement assessment is \$10.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of one-story masonry dwellings that range in age from 77 to 89 years old. The dwellings range in size from 1629 to 1837 square feet of living area. They have full basements finished as apartments. Three have two-car garages. These properties have improvement assessments ranging from \$10.47 to \$11.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables #2, #3 and #4 should be given reduced weight because they are two-story dwellings while the subject is one-story. The other five comparables were generally similar to the subject although the appellant did not indicate whether appellant's comparable #1 was finished as an apartment similar to the subject. All of the board of review's comparables had basement apartments. Those five comparables had improvement assessments that ranged from \$7.15 to \$11.25 per square foot of living area. The subject's improvement assessment of \$10.53 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
