

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanislaw Borczon  
DOCKET NO.: 07-20088.001-R-1  
PARCEL NO.: 16-28-416-029-0000

The parties of record before the Property Tax Appeal Board are Stanislaw Borczon, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 5,624**  
**IMPR.:    \$ 18,187**  
**TOTAL:    \$ 23,811**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The parties have a minor disagreement about the size of the subject improvement. The appellant contends it has 2308 square feet of living area and the board of review cites the figure of 2273 square feet. Based on the property characteristic printout for the subject submitted by the board of review, the Board finds the subject has 2273 square feet of living area and an improvement assessment of \$8.00 per square foot.

The subject property is improved with a two-story dwelling of masonry construction containing 2273 square feet of living area. The dwelling is 44 years old. Features of the home include a full, finished basement and a one and one-half-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as one-story or two-story frame dwellings that range in age from 92 to 101 years old. The comparable dwellings range in size from 2550 to 2820 square feet of living area. Two have full basements, one of which is finished. The appellant did not indicate whether they have garages. The comparables have improvement assessments ranging from \$5.28 to \$5.60 per square foot of living area. The

subject's improvement assessment is \$8.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story masonry dwellings that range in age from 37 to 44 years old. The dwellings range in size from 2112 to 2531 square feet of living area. Three have full basements, two of which are finished as apartments. Two have two-car garages, and one has central air conditioning. These properties have improvement assessments ranging from \$8.82 to \$9.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables should receive reduced weight in the Board's analysis because they were of frame construction and were much older than the subject. The board of review's comparables were all of two-story, masonry construction and were of similar age to the subject. They each had some features superior to the subject and some features inferior to it. The board of review's comparables had improvement assessments that ranged from \$8.82 to \$9.47 per square foot of living area. The subject's improvement assessment of \$8.00 per square foot of living area is lower than the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
