

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Ference
DOCKET NO.: 07-20112.001-R-1
PARCEL NO.: 15-25-308-082-0000

The parties of record before the Property Tax Appeal Board are Jennifer Ference, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,750
IMPR.: \$ 27,278
TOTAL: \$ 35,028

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a multi-level dwelling of masonry construction containing 1585 square feet of living area. The dwelling is 53 years old. Features of the home include a partial, finished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as multi-level masonry or frame and masonry dwellings that range in age from 34 to 68 years old. The comparable dwellings range in size from 1607 to 1903 square feet of living area. Features include partial basements. Two have central air conditioning, and one has a fireplace. The appellant did not indicate the size of any garages the comparables might have. The comparables have improvement assessments ranging from \$16.54 to \$17.37 per square foot of living area. The subject's improvement assessment is \$21.10 per square foot of living area. Based on this evidence, the

appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on one comparable property consisting of a multi-level frame and masonry dwelling that is 55 years old and has 1166 square feet of living area. Features include a partial, finished basement, a fireplace and a two-car garage. It has an improvement assessment of \$24.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant's comparable #4 and the board of review's comparable should be given reduced weight because they were of a different exterior construction than the subject. The board of review's comparable also was much smaller than the subject. The remaining three comparables were generally similar to the subject and had improvement assessments that ranged from \$16.54 to \$17.37 per square foot of living area. The subject's improvement assessment of \$21.10 per square foot of living area is above the range established by the most similar comparables and is above the \$17.21 per square foot assessment of the appellant's comparable #3, which is most similar overall to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
