

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Stelzner
DOCKET NO.: 07-20131.001-R-1
PARCEL NO.: 15-36-401-058-0000

The parties of record before the Property Tax Appeal Board are Michael Stelzner, the appellant, by attorney Rusty Payton of the Law Offices of Rusty Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,752
IMPR.: \$26,115
TOTAL: \$30,867

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1806 square feet of living area. The dwelling is 84 years old. Features of the home include central air conditioning and a one and one-half-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame or frame and masonry dwellings that range in age from 64 to 107 years old. The comparable dwellings range in size from 1831 to 2154 square feet of living area. Three have full, unfinished basements, and one has a partial basement. Two have central air conditioning, and three have fireplaces. The appellant did not indicate the size of any garages the comparables may have. The comparables have improvement assessments ranging from \$11.77 to \$15.02 per square foot of living area. The subject's improvement assessment is \$17.35 per square foot of living area. Based on

this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story stucco dwellings that range in age from 79 to 117 years old. The dwellings range in size from 2360 to 2698 square feet of living area. Features include one-car or two-car garages and full basements, one of which is finished. One has central air conditioning, and two have fireplaces. These properties have improvement assessments ranging from \$14.10 to \$18.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds the appellant's comparables #2 and #4 and the board of review's comparables should be given reduced weight in the Board's analysis because they were of different exterior construction than the subject. The board of review's comparables also had significantly larger living areas than the subject. The remaining two comparables were generally similar to the subject and had improvement assessments of \$11.77 and \$14.81 per square foot of living area. The subject's improvement assessment of \$17.35 per square foot of living area is higher than those of the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
