

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Flemming  
DOCKET NO.: 07-20143.001-R-1  
PARCEL NO.: 28-19-303-070-0000

The parties of record before the Property Tax Appeal Board are Tom Flemming, the appellant(s), by attorney Rusty A. Payton, of Law Offices of Rusty A. Payton, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 1,372  
**IMPR.:** \$ 12,214  
**TOTAL:** \$ 13,586

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame and masonry construction containing 1027 square feet of living area. The dwelling is 35 years old. Features of the home include a partial, unfinished basement, central air conditioning and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted basic assessment information on seven properties but provided sufficiently detailed property characteristics information on only four comparable properties. They were described as two-story frame or frame and masonry dwellings that are 27 or 31 years old. The comparable dwellings have 1050 or 1284 square feet of living area. All have central air conditioning, and two have partial basements. The appellant did not include the size of any garages the comparables may have. The comparables have improvement assessments ranging from \$7.19 to \$8.30 per square foot of living area. The subject's improvement assessment is

\$11.89 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame and masonry dwellings that are 35 or 36 years old. The dwellings have 1027 square feet of living area. Features include one-car or two-car garages and partial basements, two of which are finished. Three have central air conditioning. They are located on the same block as the subject. These properties have improvement assessments ranging from \$11.78 to \$12.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparables #1 and #2 should be given reduced weight in the Board's analysis because they are of different exterior construction than the subject and lacked basements. The remaining six comparables were quite similar to the subject and had improvement assessments that ranged from \$8.30 to \$12.27 per square foot of living area. The subject's improvement assessment of \$11.89 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
