

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hillel Levin
DOCKET NO.: 07-20238.001-R-1
PARCEL NO.: 15-01-320-018-0000

The parties of record before the Property Tax Appeal Board are Hillel Levin, the appellant(s), by attorney Rusty A. Payton, of Law Offices of Rusty A. Payton, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 16,301
IMPR.: \$ 72,980
TOTAL: \$ 89,281

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 3608 square feet of living area. The dwelling is seven years old. Features of the home include a full, unfinished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame, masonry or frame and masonry dwellings that range in age from 32 to 61 years old. The comparable dwellings range in size from 3208 to 3608 square feet of living area. Features include central air conditioning and fireplaces. Three have partial basements, and one has a full, unfinished basement. The appellant did not include the size of any garages the comparables may have. The comparables have improvement assessments ranging from \$13.57 to \$18.03 per square foot of living area. The subject's improvement assessment is \$20.23 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one and one-half-story or two-story frame dwellings that range in age from 36 to 66 years old. The dwellings range in size from 1158 to 2355 square feet of living area. Two have partial, finished basements, and one has a full, unfinished basement. One has central air conditioning, two have fireplaces, and all have one-car or two-car garages. These properties have improvement assessments ranging from \$13.41 to \$22.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties were too dissimilar to the subject in age to be of value in determining whether the subject's assessment is inequitable. The Board notes that the comparables offered by the parties had improvement assessments that ranged from \$13.41 to \$22.31 per square foot of living area. The subject's improvement assessment of \$20.23 per square foot of living area is within the range established by the comparables, but because the comparables are so different in age from the subject the Board doesn't draw any conclusion from that fact. The Board finds the evidence is insufficient to support a reduction in the subject's assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
