

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Kovatchis
DOCKET NO.: 07-20315.001-R-1
PARCEL NO.: 16-06-125-023-0000

The parties of record before the Property Tax Appeal Board are Tom Kovatchis, the appellant(s), by attorney Rusty A. Payton, of Law Offices of Rusty A. Payton, P.C. of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,428
IMPR.: \$ 33,302
TOTAL: \$ 43,730

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of masonry construction containing 1845 square feet of living area. The dwelling is 84 years old. Features of the home include a full, unfinished basement, a fireplace and a one-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story or one and one-half-story stucco, masonry or frame and masonry dwellings that range in age from 54 to 82 years old. The comparable dwellings range in size from 1849 to 2302 square feet of living area. Three have full, unfinished basements, and one has a partial basement. Three have central air conditioning, and two have fireplaces. The appellant did not include any data concerning garages for the comparables. The appellant also provided a map that indicates the comparables' distances from the subject. The comparables have improvement assessments ranging from \$11.10 to \$15.94 per square foot of living area. The subject's

improvement assessment is \$18.05 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of one and one-half-story frame and masonry dwellings that are 67 or 86 years old. The dwellings range in size from 1789 to 1969 square feet of living area. Features include full basements, two of which are finished, one or two fireplaces and one and one-half or two-car garages. Two have central air conditioning. These properties have improvement assessments ranging from \$18.35 to \$20.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the board of review's comparables and the appellant's comparables #1, #3 and #4 should be given reduced weight in the Board's analysis because they were of different design than the subject. All of those except the appellant's comparable #3 also were of different exterior construction than the subject. The only remaining comparable, the appellant's comparable #2, is not truly similar to the subject because it is located more than three-fourths of a mile from the subject, is more than 350 square feet larger than the subject and is 26 years newer than the subject. The Board finds the evidence does not demonstrate that the subject improvements are inequitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
