

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dinker Trivedi  
DOCKET NO.: 07-20392.001-R-1  
PARCEL NO.: 23-32-103-003-0000

The parties of record before the Property Tax Appeal Board are Dinker Trivedi, the appellant, by attorney Brian S. Maher, of Weis, DuBrock & Doody in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$14,858  
IMPR: \$100,392  
TOTAL: \$115,250**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a 2-story dwelling of masonry construction containing 5,267 square feet of living area. The dwelling is 12 years old. Features of the home include a full, finished basement, central air conditioning, a fireplace and a 4-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as 2-story masonry or frame and masonry dwellings that range in age from 13 to 17 years old. The comparable dwellings range in size from 5,294 to 6,087 square feet of living area. All comparables feature full basements, one of which is finished. All have central air conditioning, 1 or 2 fireplaces and 3 or 4-car garages. The comparables have improvement assessments ranging from \$9.84 to \$17.54 per square foot of living area<sup>1</sup>. The subject's improvement assessment is \$19.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

---

<sup>1</sup> There are various errors in the appellant's grid analysis regarding assessments, square footage, and calculations.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties consisting of 2-story stucco or masonry dwellings either 10 or 14 years old. The dwellings range in size from 6,225 to 7,769 square feet of living area. All comparables feature full, finished basements. All have central air conditioning, 3 or 5 fireplaces and 3 or 3½-car garages. These properties have improvement assessments ranging from \$19.31 to \$20.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Comparables #1 and #2 submitted by the board of review were much larger than the subject and therefore received less weight in the Board's analysis. Although there were differences in exterior construction, the Board finds comparable #3 submitted by the board of review and all three comparables submitted by the appellant were most similar to the subject in size, style, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$9.84 to \$20.15 per square foot of living area. The subject's improvement assessment of \$19.06 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
