

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Schweitzer & Kelly Cleveland  
DOCKET NO.: 07-20480.001-R-1  
PARCEL NO.: 16-08-310-014-0000

The parties of record before the Property Tax Appeal Board are Edward Schweitzer & Kelly Cleveland, the appellants, by attorney Lisa A. Marino, of Marino & Assoc., PC of Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 7,568**  
**IMPR.:    \$ 36,316**  
**TOTAL:    \$ 43,884**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 2,093 square feet of living area. The dwelling is 101 years old. Features of the home include a full, unfinished basement, central air conditioning, a fireplace and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame or masonry dwellings that range in age from 102 to 115 years old. The comparable dwellings range in size from 1,610 to 2,187 square feet of living area. Features include full, unfinished basements for each comparable, one with central air conditioning, one with a fireplace and each with garages. The comparables have improvement assessments ranging from \$6.55 to \$13.52 per square foot of living area. The subject's improvement assessment is \$17.35 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties consisting of two-story frame dwellings that range in age from 99 to 111 years old. The dwellings range in size from 1,676 to 2,288 square feet of living area. Features include full, unfinished basements, two with central air conditioning, one with a fireplace and each with a garage. These properties have improvement assessments ranging from \$19.80 to \$22.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds three of the board of review's comparables were most similar to the subject in both exterior construction and size. They were also similar to the subject in other features. The Board notes that although the appellant's comparable three and the board of review's comparable one were similar in age and exterior construction to the subject, they were substantially smaller than the subject. Due to their similarities to the subject, the board of review's comparables two through four received the most weight in the Board's analysis. These comparables had improvement assessments ranging from \$19.80 to \$22.60 per square foot of living area. The subject's improvement assessment of \$17.35 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
