

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Barron
DOCKET NO.: 07-21044.001-R-1
PARCEL NO.: 05-17-414-041-0000

The parties of record before the Property Tax Appeal Board are John Barron, the appellant, by attorney Mitchell L. Klein, of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,177
IMPR.: \$147,523
TOTAL: \$175,700

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 9,650 square feet of land improved with an approximately nine-year old, two-story, masonry, single-family dwelling containing 4,411 square feet of living area.

The appellant contends that the market value of the subject property is not accurately reflected in the property's assessed valuation as the basis of this appeal.

In support of the market value argument, the appellant submitted an appraisal estimating the subject property had a market value of \$1,750,000 as of June 18, 2008. The appraiser developed the sales comparison approach to value to estimate a value for the subject of \$1,750,000. The appraiser calculated the subject's living area at 4,411 square feet and included a building sketch and calculation detail to support the estimated size. The appraiser utilized three comparable sales that sold from January to March 2008, for prices that ranged from \$1,557,500 to \$1,830,000, or from \$339.51 to \$526.54 per square foot of living

area, land included. The properties are improved with two-story, frame, masonry or frame and masonry, single-family dwellings. The dwellings range in age from three to 115 years, and the one that is 68 years old has been renovated. They range in size from 2,958 to 4,860 square feet. After adjustments to the properties to make them more similar to the subject, the appraiser estimated the subject's market value to be \$1,750,000 as of June 18, 2008.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$217,849 was disclosed. The subject's assessment reflects a market value of \$2,169,811 using the three-year median level of assessment for Cook County Class 2, residential property as determined by the Illinois Department of Revenue of 10.04 percent for 2007.

The board of review submitted a total of four equity comparables and also provided sale prices for three of the comparables. The properties are improved with two-story, masonry or stucco, single-family dwellings. They are three to 94 years old and range in size from 1,854 to 4,974 square feet of living area and in improvement assessments from \$4.88 to \$53.27 per square foot of living area. Using the board of review's square footage of 4,443 square feet, the subject's improvement assessment is \$42.69 per square foot of living area. Using the appraiser's size of 4,411 square feet, the subject's improvement assessment is \$43.00 per square foot. The board of review provided sale information on comparables #1, #2 and #4. They sold from April 2004 to October 2006 for \$1,375,000 to \$1,465,000 or \$299.37 to \$790.18 per square foot of living area, land included. The board of review also provided a printout listing approximately 20 sales from the neighborhood from 1992 to 2008 for \$350,000 to \$2,400,000 but provided no descriptive detail of the properties. As a result of its analysis, the board of review requested confirmation of the subject's assessment.

In rebuttal to the board of review's evidence, the appellant stated the board of review had failed to address the appellant's market value argument and instead had addressed uniformity.

After considering the evidence and reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code Sec. 1910.65(c). Having considered the evidence presented, the Property Tax Appeal Board finds that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the Property Tax Appeal Board finds the best evidence to be the appellant's appraisal. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The appraiser analyzed sales of three comparable properties and adjusted those properties to make them more similar to the subject. The board of review's equity analysis did not address the appellant's market value argument. The board of review did provide sale information of three of the equity comparables. The board of review's comparables #1 and #4 sold more than two years prior to the assessment date. The board of review's comparable #3 had a living area barely 40 percent of that of the subject. The board of review did not adjustment the selling prices of the comparables for differences between them and the subject as the appellant's appraiser did for the three sales he used in his appraisal. The Board finds the appraisal, with its analysis adjusting the sale properties to make them more similar to the subject, is the best evidence of the subject's market value. Since the market value of the subject of \$1,750,000 has been established, the three-year median level of assessment as established by the Illinois Department of Revenue for Cook County Class 2, residential property of 10.04 percent shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.

DISSENTING:

C E R T I F I C A T I O N

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: January 21, 2011

Allen Castrovillari

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing

complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for the subsequent year directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
